ORGANIZING AN IRRIGATION DISTRICT.

A petition is being circulated for the organization of an irrigation district to embrace the Truckee and its tributaries in Washoe county. A brief synopsis of the Act of the recent Legislature relating to the formation of irrigation districts is published with a view of giving those who have not opportunity to see the Statutes an idea of the provisions of the Act. It will be observed that only those persons who have lands in the proposed district susceptible of irrigation form a common source, and by the same system are authorized to petition for the organization of a district. When a majority of such land owners as shown by the last assessment roll petition the Board of County Commissioners as provided by the Act, the Board shall within four weeks make an order dividing the proposed district into five divisions and provide for an election to determine whether or not the same shall be organized, and also for the election of five Directors, an Assessor, Collector and Treasurer. While only taxpayers owning lands are eligible for petitioners, every qualified elector in the district can vote for or against the organization of the district and for officers. For the purpose of constructing necessary irrigation ditches, reservoirs and works and acquiring the necessary property rights therefor, the Board of Directors must as soon as the district is organized determine the amount of money necessary to be raised and call a special election, at which the question whether or not bonds shall be issued in the amount so determined shall be submitted to all the voters of the district. The bonds and interest shall be paid by revenue derived from an annual assessment upon all the real property of the district, and such property shall remain liable to be assessed for such payment.

As this is a question which concerns the people of the proposed district, it should be fairly and generally discussed that all may understand it and none sign it or refuse to sign it through ignorance. The question is, shall the people along the Truckee and its tributaries bond their property for the purpose of building or purchasing a water storage system in the mountains? Only taxpayers who own lands susceptible of irrigation from a common source can petition to have this done, but all real property that is town lots, as well as farms, will be liable for the expense incurred in building or purchasing reservoirs.

UTAH ELECTION RETURNS.

The Salt Lake Herald publishes the full returns of the late election in Utah Territory. The total vote was 27,900, divided as follows politically: Democratic, 14,157; Liberal, 7,404; Republican, 6,339.

The Liberal party, which is composed of Democratic and Republican gentiles, carried Salt Lake City and elected several members of the Territorial Legislature. They profess to believe that the Mormons are not sincere in their professions of fealty to national parties, but facts do not sustain the assumption. On the other hand, there are gentiles who contend that the disruption of the Liberal and People's parties, into which the people of Utah have heretofore been divided, will mark a new era in the history of Utah, and tend to materially increase the prosperity of the Territory. Heretofore the issues which divided the parties were of a local or personal character. Now they are national, and are based upon the principles which divide the people in other sections of the Union.

Harper Brothers' circus was billed for two performances at Springfield, Massachusetts. The performers struck and the audience cut the guy ropes, set fire to the tents and smashed the seats and wagons, and the manager was arrested for obtaining money under false pretenses. That manager should adopt the tactics of the Treasury Department in dealing with the Carson Mint employees, as it is the best method yet devised for securing a reduction of wages, and is endorsed by a member of Congress.

Major McKinley, who wants to build up a tin plate monopoly at the expense of ten or fifteen millions of dollars a year to the people, desires to destroy silver mining, which gives employment to one thousand times more men than all the tin plate factories in England and Wales. Will the people of Nevada advocate the McKinley doctrine and shout over his success, or come out squarely against his monopolistic theories and vote for free coinage?

The Virginia Chronicle says: "The issue of standard silver dollars from the mints during the week ended August 15 was \$458,232. How is this, Mr. Barlow? Did these all come from the Carson Mint, or did you utter an untruth when you declared that the Carson Mint was alone engaged in the coining of silver dollars?"

The President Speech-Making.

Special to the Journal.

BURLINGTON, Vt., August 25.—When the train bearing the President reached Fairhaven, he made a short speech, complimenting the inhabitants of the place for their thrift and obedience to the laws. He dwelt at some length on the prosperity that must necessarily be the lot of a community whose citizens are careful to obey the laws of the country and ready at all times to defend them. The speech was continually interrupted by applause.

At Castleton the President made a short talk on the "New England school teacher," who, he asserted, was one of the most influential characters in the history of the United States. "They have gone from New England to all parts of the country," he said. "They have used their influence in communities which they went to, and have impressed upon the pupils a lesson of self-respect, love for a free institution and social order. Could we trace the slender thread of influence they wield, to their great results, we would have higher thought of the power and dignity of these pioneers of education." [Cheers.]

At Brandon the President was showered with bouquets; handsome flowers were thrown by the young ladies and school children of the town. He made a short, impromptu and characteristic speech, in which he thanked them for the flowers and other evidences of sincerity in their kind reception.

At Milbury he made another speech in which he spoke of the great pleasures he had derived from the acquaintance of Governor Stewart, and also spoke in eulogistic terms of Middlebury college.

At Vergennes the President made a laughing complaint. "I have had," said he, "some experience in the business, of talking from the end of a railroad train, but this morning it has seemed to me that these Vermont towns are closer together than on any route I have yet traveled." After the laughter at this complaint had somewhat subsided, the President made a most interesting review of the history of the origin of Vergennes, and of the patriotic history of Vermont. Loud applause greeted almost every sentence.

St. ALBANS, Vt., August 25.—The Presidential party on arriving here were taken in carriages to Governor Smith's house which was brilliantly lighted with Chinese lanterns. The whole town is decorated and there are thousands of visitors here. After dinner the President was escorted to the Weldon House, which fronts upon St. Albans park and about 1,200 were massed in the park which was illuminated by 2,000 Chinese lanterns. The President was introduced to the assemblage by E. C. Smith.

Trouble in Granada.

Special to the Journal.

MANAGUA, Nicaragua, August 25.—Granada on Sunday was a scene of coupe de main, by which President Roberto Saguia and elements of his prominent opponents and at the same time nip in the bud a possible growing revolution. For years vigorous rivalry has existed between the Progressists, whose headquarters are at Granada, and the Catholic church party, whose strongholds are at Leon and Managua. Granada, for many terms past, has furnished the country with a President, but at the last election Saguia, a Leon man, was chosen. This was not approved by the Progressists, and for some time it has been whispered that an attempt would be made to oust him, but the coupe by himself was a complete surprise.

The gentlemen arrested are ex-President Chamorro, ex-President Zavala, Don Anselmo Arivasa, editor of the leading newspaper of the country, Don Enrique Guzman, son of General Guzman, and Don J. D. Rodriguez, formerly attached to the legation at Washington. Their arrest caused excitement in Granada and the prison was attacked.

The exact number of casualties is not known, but it is reported that the chief officer of police and at least six soldiers were killed and about fifty citizens shot.

The prisoners were subsequently brought to Managua, where they were sentenced to be escorted across the frontier and ordered never to return to the country under penalty of death. Granada has been in a state of siege. As some of the prisoners belong

to wealthy and important families in Nicaragua, the matter caused much excitement, and further trouble is expected by everyone.

The present political troubles do not effect the work on the Maritime canal, though Don Rodriguez, one of the gentlemen exiled, is known to have been a bitter enemy of the American enterprise. His opposition is said to have grown from a snubbing which Rodriguez thought he received from the American Secretary of State while attached to the legation at Washington.

Manufacturers Organize.

Special to the Journal.

SAN FRANCISCO, August 25.—G. L. Davis presided over three hundred manufacturers who met to-day to organize an Association of Employers for the resistance of encroachment by trades unions. The following Directors were elected: H. M. Herrick, ship owner, Oscar Lewis, iron manufacturer, A. Rollins, printer, James R. Carroll, box manufacturer, W. W. Miller, planing mill, Albert Desham, shoe manufacturer, J. B. Stimson, President California Street Railway Company, Henry Bingham, stove owner, W. L. Merry, packer. The organization will extend its jurisdiction all over the State, and will ally itself with similar organizations in other States. Extraordinary powers are lodged in the Board of Directors, which shall act for the association. The constitution provides that no member shall withdraw without having given sixty days notice. Monthly dues are \$2 50, and the association will meet whenever called by the Directors. The association declares it is not opposed to trades unions and recognizes their right to organize in their own defense, and employers will not trespass on that right by refusing employment to anyone because of belonging to such organization, but the association reserves the right as to whom they shall or shall not employ.

A New Mine Incorporated.

Special to the Journal.

CARSON, August 25.—A certificate of incorporation of the Monarch gold and silver mining company was filed here in the County Clerk's office to-day. Location, Silver Lake Mining District, Pine Nut, Douglas county, Nevada; capital stock, \$100,000, divided into 1,000 shares, of the par value of \$10; place of business, Carson City; Trustees for first six months, T. R. Hofcr, A. M. Ardery, Wm. Washburn, Jas. A. Baycroft and J. R. Judge.

Canadians Stealing American Lumber.

Special to the Journal.

DULUTH, August 25.—As a result of the investigating expedition along the Big and Little Fork rivers sent out by the Government to look into the charges that government timber has been stolen, it has been decided by the Interior Department to establish a permanent Government post on Rainy River just south of the international boundary. Fully 20,000,000 feet of lumber is reported to have been stolen by Canadians from American forests in the last three years.

Emma Abbott's Dresses Selling Cheap.

Special to the Journal.

NEW YORK, August 25.—There was but a small attendance at the sale of Emma Abbott's wardrobe to-day, and the prices received were miserably small. The property as a whole is valued at \$200,000, and some dresses which it was asserted here were worth \$1,000 sold for \$250.

Special to the Journal.

MOUNT CLEMENS, Mich., August 25.—Jim Hall, who was cut by Parson Davies yesterday rested easily to-day. Davies watched by the pugilist's bedside all night. The physician says the wound, although ugly, is not necessarily fatal.

Hung by Masked Men.

Special to the Journal.

TULLahoma, Tenn., August 25.—Will Lewis, colored, aged eighteen, was taken from the jailhouse this morning by eight masked men and hanged. Lewis was a drunk in a rowdy, but guilty of no grave crime as far as known.

James Armstrong Died.

Special to the Journal.

SUNANVILLE, Cal., August 25.—James Armstrong, who was shot last Friday night in a quarrel about a woman by Amos Blake, died last night. Blake and a man named Jones, who were also wounded, will recover.

WHAT GOVERNOR COLCORD, SAYS.

The State to Guarantee Interest on Irrigation Bonds.

The San Francisco Chronicle has the following:

Governor R. K. Colcord of Nevada is at the Palace. Speaking of Nevada affairs yesterday, he said: "We have passed the low place and are now steadily rising. The reason is that we are changing our main industry from mining to agriculture, although mining is going on very prosperously. But we are now giving more attention to agriculture than to mining. We have had no duller times in Nevada than California had in 1860. California then gave her attention to mining, as we are now doing. Our last Legislature provided for the formation of water-storage districts, and the next move of the State will be to guarantee the interest on the storage or agricultural district bonds. Then the farming will be carried on successfully all through the Faranagat, Truckee and Humboldt Valleys.

THE STATE FAIR.

The Colt Stakes Well Filled.

Saturday was the day for the closing of the two and three-year-old stakes for the Nevada State Fair, to be held September 21st to the 26th. The following were the nominations made, viz:

No. 2—Running stake, two-year-olds, ½ mile; \$150 added. Dennis Bros. names ch. b. Eva D.; W. F. Smith names ch. g. Zaldivar; W. H. Laughlin names b. c. Encore; O. Appleby names ch. f. Esperanza; Theo. Winters names ch. f. Valera.

Race No. 7—Running stake for three-year-olds, one and one-sixteenth miles, \$250 added. W. B. Sanborn names b. f. Mamie C.; G. H. Kennedy names b. f. Acclaim; B. C. Holly names ch. c. Terry.

Mt. St. Mary's Academy.

Mt. St. Mary's Academy will open Monday, August 25. Quite a large number of applications have been made for admittance for the ensuing year, and the prospects for a successful school year are very flattering indeed. Owing to hard times and the general stagnation that has prevailed during the last year or two, the attendance has not been what a school with the facilities and thoroughness of this institution deserved.

Miss Harnett, of San Francisco, has been secured to take charge of the music department. She was formerly a pupil of the late Carl Farnes, and is a teacher of experience and ability. Parents can do no better than to send their children to Mt. St. Mary's Academy, as they may feel assured that they will receive the tenderest of care, and that their training, morally, physically and mentally, will be thorough.
